## Introduction

Under the Saudi-American aggression which keeps up brutally and cruelly day by day; the numbers of victims of children and women increase in parallel with the increase of the physical loses as the buildings, commercial markets, facilities and Infrastructure causing deactivation of public life, destruction of the governmental corporation in addition to psychological and health risks and humanitarian disasters resulted in suffering of civilians, worsening of the welfare and livelihood and deactivating public. This brutal aggression violates all international humanitarian values, morals, protocols, treaties and conventions and reveals the ugly face, Satanic psychology, criminal behavior and deep hatred of the Saudi regime against Yemeni people.

So, we will display; in this issue of Basamt Al-Odwan magazine (The Aggression Fingerprints magazine) pictorial scenes from brutal crimes committed by the aggressors against the Yemeni people targeting families, commercial markets, camps of internal displaced persons, infrastructures, airports, hospitals, factories, ports, bridges, travelers, vector of food and oil, oil stations, electricity stations, central water projects, wheat stores, telephone and communication stations, TVs and media corporations, schools, mosques, buildings, government corporations, courts, banks, cultural banks, stadiums, museums, artifacts, historical monuments, cemeteries, hotels, animals and farms using various types of modern and prohibited weapons under the glare of the world to serve America on behalf of Israel supporting Al-Qaeda.

This brutal crimes will remain as a witness on the Saudi crimes against Yemeni people, as a curse chasing all those who participates in this aggression, as a disgrace on the brow of the Saudi regime and his cronies in Yemen, those who sole their home, and will not be time-barred.
